Hi all,

Please see attached for the excerpted API comment on this issue, and a draft response to that comment. Please correct any mis-statements and make any clarifying edits you feel would be appropriate or helpful by COB today if possible. If not, let me know. (I will re-read also since I wrote this quickly!) Also, please let me know if a call would be helpful, and please feel free to forward this draft to anyone else in your offices whose review would be helpful. This is just a draft from which to work, so happy to have changes or expansion to improve accuracy or clarity.

Dan, Chris, Scott, Mike, and Sara - copying you as well just based on your technical experience and backgrounds with oil and gas operations.

Thanks!

Ginny

Yes, thanks!

I wonder if the internal OECA memo language, plus the excel spreadsheets, would suffice.

I have reached out to West Virginia managers to see if they have handy NSPS 0000a data; I had made a similar request of PADEP earlier and didn't hear back.
